

Mess Management System

Meeting Date: 5 oct, 2026

Meeting Minutes: 3:40 → 4:30

Discussion:

⇒ Total Queue less system is not possible because of short period of break but crowd should be handle by software.

⇒ RP also mention that internet issues at university.

⇒ long approvals time.

⇒ It is bound to students as faculty also order.

Requirements:

- ⇒ Digital token generation which mention pickup time and price.
- ⇒ Administration dashboard to handle crowd and view all activities.
- ⇒ Student should pre-order 1 or 2 hour before break.
- ⇒ Students ^{should provide} ~~have~~ Accounts Account where they deposit their money.
